

Teacher Who Makes a Difference

Bell Hill Academy

Grass Valley School District

Lieann Campbell is a driven and dedicated leader! Her belief and leadership in building trusting relationships is just one of the many reasons the Bell Hill Academy staff is proud to recognize Lieann as our Teacher Who Makes a Difference. Lieann is so compassionate and caring! She is quick to recognize the efforts of others, encourage students to recognize each other's accomplishments, and promote the belief that what we do collectively impacts the lives of children. She encourages her students to meet their potential and genuinely believes that all of her students can be successful. She is forever the optimist, and brings a positive attitude to school every day.

Lieann's teaching focuses on not only the academics, but on shaping the student as a whole. She sees the good in all students and works tirelessly to bring out that good. This year, she stepped up to the challenge of taking on a first grade dual immersion class of 32 students. And this was her first experience teaching 1st grade!

Lieann has tremendous intuition, and an amazing ability to get to the core of a situation. Her advice is invaluable, and she's never too busy to provide support and suggestions to anyone who asks for help.

We are privileged to have Lieann Campbell on our Bell Hill team, and so proud to celebrate her as our Teacher Who Makes a Difference!
